Lot	Description
1	1 x Complete poultry slaughter system, capable of processing up to 4,500 birds/hour. This system was manufactured by Linco Foods. Serial number - 374M035. Date of manufacture - 2006. This is a completely automated line, comprising of: Hang On Anglia Autoflow, complete with return cra ...[more]
2	Complete system for De-stoning, puree and pulping of fruit, comprising of: 1 x Kreuzmayr GKE-H Apple Bin Tipper. Date of manufacture - 2014. Power - 400v, 50hz, 2.2kw. Dimensions - 1.75m long x 1.35m wide x 1.5m high. Suitable for bins 1mx1.2m or 1.2mx1.2m. 1 x Kreuzmayr KWEM 1000 Fruit Wash ...[more]
3	A highly automated c omplete vegetable peeling, washing and packing system, manufactured by Forsfood and IMT, comprising of: - Crate tipper - Hydraulic power unit - Buffer conveyor - Horizontal conveyor with control - Lifting conveyor - Vibrating conveyor - Transfer conveyor - Lowe ...[more]
4	1 x Eurotek spiral freezer with 3 x Bitzer screw compressors for continuous batch freezing. Eurotek spiral freezer: Model - CPS2220-100. Serial number - P1201. Date of manufacture - 2002. North - South configuration. Product in North at a height of 800mm, out in South at a height ...[more]
5	1 x Starfrost spiral freezer and refrigeration pack, comprising of: Manufacturer – Starfrost Model – 85-22RR-21.5 with North-North configuration Stainless steel mesh belt width - 560mm Maximum product height - 130mm Number of floors/tiers - 21.5 Infeed height – 880mm Outfeed heigh ...[more]
6	1 x All stainless steel spiral cooler. Manufactured by Eurotek. Belt width - 450mm. Number of tiers - 19/drum. This system comprises of 2 x drums, each 2m wide x 4m high. Overall Footprint - 8m long x 3m wide. This system was previously used to cool donuts down to ambient temperat ...[more]
6A	Complete yoghurt processing system, comprising of: 1 x All stainless steel batch mixer with all associated pipework. Capacity - 2000kg. Comes complete with APV Puma pump 2"-2"-9". 1 x Homogeniser. Capacity - 6000-9000 litres/h depending on the homogenisation process. 1 x Pasteurizat ...[more]
7	1 x Brand new complete filling, capping and labelling system for bottles of hand sanitizer. Filling range - 10ml to 340ml Speed - up to 2000 bottles/hour depending on the size of fill. Can fill high density products as well as thin liquids. Video available on request. There is a lead time o ...[more]
8	Poppadom processing and packaging system, comprising of: 1 x NN continuous sheeter. Comes with 3 x dyes: Dye 1 - 2 x 210mm diameter. Dye 2 - 3 x 140mm diameter. Dye 3 - Mini papadums, 40mm diameter. Overall dimensions - 3.9m long x 1m wide x 2.25m high. Belt width - 500mm. 2 x PEA Systems ...[more]
9	1 x Prominox tank. Capacity - 33,000 litres. Model/Type - TSCA. Serial number - 24772 D102. Please note that the pumps and interconnecting pipework is not included. Previously used for storage of milk. Located in South Wales. Buyer To Arrange Lift Out and Collection. UKFM2-1101.

-
- 10 1 x APV tank. Capacity - 12,000 litres. Model/Type - MAV 12000. Serial number - 01133101-2. Date of manufacture - 1997. Please note that the pumps and interconnecting pipework is not included. Previously used for storage of milk. Located in South Wales. Buyer To Arrange Lift Out and Collection. ...[more]
-
- 11 1 x APV tank. Capacity - 12,000 litres. Model/Type - MAV 12000. Serial number - 01133101-1. Date of manufacture - 1997. Please note that the pumps and interconnecting pipework is not included. Previously used for storage of milk. Located in South Wales. Buyer To Arrange Lift Out and Collection. UK ...[more]
-
- 12 2 x Atlas 30 tonne silos complete with all pumps and aluminium safety ladders. Dimensions - 3m diameter x 13.5m high each. Previously used for storing flour and semolina. Located in Grantham, Lincolnshire. Buyer to Remove and Collect. UKFM2-1106.
-
- 13 2 x Fairfield Dalton Ltd double-jacketed tanks with flowplates, 4 x APV centrifugal pumps and various valves. Capacity - 15,000 litres each. All stainless steel. Dimensions - Each unit measures 2.9m diameter x 5.5m high. Test pressure jacket - 1.26kg/ cm³ . Working pressure jacket ...[more]
-
- 14 1 x Bastra single through door oven. Model - 1201C. Date of manufacture - 2014. Comes with Bastra MC500 control unit and extraction chimney. Capacity - 1700 litres. Power - 24.5kw, 400v, 50hz, 3 phase. Previously used with wood smoking chips. Comes with 2 x trollies. Was purchased new for £45,000 ...[more]
-
- 15 Complete pot filling and sealing line, manufactured in 2014, comprising of:- 1 x Proseal OC single lane conveyor system fitted with Riggs 4-head depositor. This is a high throughput modular tray conveyor and filler control system, with integrated de-nester. Dimensions - 4.3m long x 0.8m wid ...[more]
-
- 16 1 x Dizayn Makina D-22 automatic filling and packing system. The filler can fill both 1 litre and 2 litre pots simultaneously. Date of manufacture - 2016. Bought new but never installed. The diameter for the 1 litre pot is 120mm and 180mm for the 2 litre pot. Located in Skelmersdale, UK. Lift Out ...[more]
-
- 16A 1 x Trepko filling, sealing and lidding system, previously used to fill 2kg plastic tubs with cream and brandy cream. Serial number - 2802-83. Currently set-up for plastic pots measuring 189mm wide x 189mm long x 11.2mm high. Applies plastic film to the rectangular tub and then applies t ...[more]
-
- 17 1 x Comaco-Manzini 12-head rotary filler and capper. Model - RVC 12/5. Filling range - 1 litre-5.7litres. Filling speed - 54 bottles/minute. Came out of production in full working order. Comes with electric schematics. Was previously being used to fill, cap and close 5 litre bottles. Located in Na ...[more]
-
- 18 1 x Disa Italia Monoblock capping machine. Date of manufacture - 2008. This capping machine is dedicated to 1 litre plastic bottles and plastic cap. Speed - 2000 bottles per hour. Located in Poland. Lift Out Charge - £100. Buyer to Collect. UKFM2-1110.
-
- 19 1 x Riggs depositing/filling system, comprising of: 2 x Riggs Autopack Ltd depositors which were previousuly used to fill pots 50ml - 600ml per shot. 1 x 1.2m diameter stainless steel rotary table with nylon top. 1 x 1.2m diameter all stainless steel rotary table. 1 x Eurof ...[more]
-
- 20 1 x GEI Turbo 8-station rotary pot filling and sealing system, index driven, comprising of: 1 x GEI Turbo volumetric twin-head depositor. Model - D102P. All stainless steel and mobile, on wheels. Dimensions - 700mm wide x 1300mm long x 2100mm high. Weight - 200kg. 1 x GEI Turbo 8-station ...[more]
-
- 21 1 x Skerman jacketed tipping kettle with power tilt and scrape surface mixing. Model - BS5500CAT3. Capacity - 300 litres. Forward and reverse mixing action. Auto lifting of mixer. On stainless steel frame. This is a very flexible machine. Previously used for mixing cream. Located in South ...[more]
-

- 22 1 x APV plate heat exchanger. Model - H17. Date of manufacture - 2003. Working pressure - 10 bar. Nominal capacity - 0.56 kg/s. Comes with box of fittings. Located in South Wales. Lift Out Charge - £50. Buyer to Collect. UKFM1-1099.
-
- 23 1 x All stainless steel double diaphragm pump. Located in South Wales. Lift Out Charge - £50. Buyer to Collect. UKFM1-1095.
-
- 24 1 x Formax F19 former. All stainless steel construction. Output capacity - Up to 75 strokes/min. Produces exact portion control. For the medium / large food processor. Formax have a range of tooling and filling systems for chopped shaped meats, fish, poultry, vegetarian products, soy and ...[more]
-
- 25 1 x Formax F19 Tender-Form former. All stainless steel construction. Output capacity - Up to 75 strokes/min. Produces exact portion control. For the medium / large food processor who requires their burgers to have better texture, shrink less, cook more evenly and taste homemade. ...[more]
-
- 26 1 x Niro-Tech fresh meat angular grinder. Model - WR-160K. Output capacity - 5,000kg/h. Hopper size - 370 litres. Motor power - 2.2kW. Cutting system power - 30kW and 21kW (2 x gears). Loading system power - 0.75kW. Electrics - 400v, 50hz, 3 phase. Comes with a range of hole pl ...[more]
-
- 26A 1 x Niro-Tech all stainless steel fresh meat grinder. Model - WR-130. Output capacity - 4,000kg/h. Installed power - 9kW. Electrics - 400v, 50hz, 3 phase. Hopper size - 100kg meat. Meat temperature - 0-4degC Comes with a set of 1 x grinder and 2 x cutting blades. Comes with a range o ...[more]
-
- 27 1 x Niro-Tech all stainless steel fresh meat grinder. Model - WR-105. Output capacity - 500kg/h. Installed power - 4kW. Electrics - 400v, 50hz, 3 phase. Hopper size - 20 litres. Meat temperature - 0-4degC Comes with a set of 1 x grinder and 2 x cutting blades. Comes wi ...[more]
-
- 28 1 x WK250 all stainless steel robust mixer grinder with bone extruder. Barrel width - 300mm. Located in Ireland. Lift Out Charge - £50. Buyer to Collect. UKFM2-1193.
-
- 29 1 x Torrey mincer grinder with hole plate. Electrics - 3 phase. Located in Ireland. Lift Out Charge - £50. Buyer to Collect. UKFM2-1190.
-
- 30 1 x Niro-Tech all stainless steel vacuum single-shaft paddle mixer. Model - RX-150 V. Capacity - 150 litres. Max product input - 110kg. Installed power - 1.5kW. Electrics - 400v, 50hz, 3 phase. Comes with vacuum pump. Manufactured in AISI 304 stainless steel. Brand ...[more]
-
- 31 1 x Niro-Tech dual-system twin-shaft paddle mixer. Model - RX-200. Capacity - 200 litres. Max product input - 160kg. Installed power - 3kW. Electrics - 400v, 50hz, 3 phase. Manual loading valve with magnetic sensor. Manufactured in AISI 304 stainless steel. Brand new, m ...[more]
-
- 32 1 x Niro-Tech dual-system twin-shaft paddle mixer. Model - RX-400. Capacity - 400 litres. Max product input - 320kg. Installed power - 3kW. Electrics - 400v, 50hz, 3 phase. Manual loading valve with magnetic sensor. Manufactured in AISI 304 stainless steel. Brand new, m ...[more]
-
- 33 1 x Niro-Tech vacuum dual-system twin-shaft paddle mixer. Model - RX-850 V. Capacity - 850 litres. Max product input - 700kg. Installed power - 11kW. Electrics - 400v, 50hz, 3 phase. Pneumatically loading valve and pneumatically emptying valve. Comes with vacuum pump. Ma ...[more]
-
- 34 1 x All stainless steel, heavy duty twin-shaft ribbon mixer. Capacity - 1500 litres. With twin-discharge. Previously used to mix 75 vl and 95 vl beef. Located in Ireland. Lift Out Charge - £200. Buyer To Arrange Collection. UKFM2-1156.
-

- 35 1 x Niro-Tech vacuum tumbler / mixer with Micro-controller. Model - MS-500 V. Capacity - 500 litres. Max product input - 300kg. Speed control - 1-9r./min. Installed power - 2.2kW. Vacuum pump power - 0.75kW. Efficiency of vacuum pump - 20m³/h Electrics - 400v, 50hz, 3 phase. ...[more]
-
- 35A 1 x Hobart vertical cutter with manual tilt. Model – VCM25. Capacity – 25 litres. Cycles – 50. Electric – 415v, 3 phase. Power – 5.5hp. Located in Cornwall, UK. Lift Out Charge - £50. Buyer To Collect. UKFM2-1196.
-
- 36 1 x Masterfill semi-automatic mobile bucket filler. Model - S5000-S 1HD Poppet Valve Rise While Fill Machine. Serial number - 4957. Filling range - 250ml - 5000ml. Fitted with Alfa Laval pump. Type - Unique SSV. Power - 3 phase. Previously used for cream and brandy cream. Loc ...[more]
-
- 37 1 x Apple Food Systems Ltd mobile depositor with guard. Model - MR900. Date of manufacture - 2008. Depositing weight range - 20-1250g. Output capacity - Up to 60 cycles per minute. Overall dimensions - 1.2m long x 0.8m wide x 2.3m high. Located in South Wales. Lift Out Charge - £50. Buyer to Coll ...[more]
-
- 38 1 x Apple Food Systems depositor on portable frame with all stainless steel double diaphragm pump system for feeding the hopper. Model of depositor - MR300. Serial number - 15909. Date of manufacture - 2002. Operating pressure - 5.5 bar. Mobile, on wheels. Previously used for depositing cream and ...[more]
-
- 39 1 x Multi-Fill Inc. automatic pasta and rice depositor. Model – MPFSC-120-01. Serial number – 730/320. Date of manufacture - 2015. Depositing speed – Up to 120 containers per minute, depending on the product, fill volumes, container, and line configuration. The Multi-Fill MPFSC-120 can dispense a ...[more]
-
- 40 1 x All stainless steel single-head volumetric filler. Capable of filling up to 10kg and 20kg. Mobile, on wheels. Filling by 1 x Humphrey volumetric piston filler. Pump - Manufactured by Fristam. Model - FPE 3402C. Previously used to hot fill pouches with fruit and confectionery sauces. Locate ...[more]
-
- 41 De-oiling system previously used for crisp production, comprising of: 1 x Oil storage tank with approx. 2000 litre capacity. All stainless steel with bottom discharge. Dimensions - 1m diameter x 3.25m high. 1 x De-oiling spinner drum with 250 litre approx. capacity (will take 150kg pr ...[more]
-
- 42 1 x Yorpower Ltd generator with Perkins 2200 Series engine. Model - YXP350RSC. Serial number - YML02060/11. Prime KW – 280kW. Dimensions – 4.1m long x 1.4m wide x 2.4m high. Working hours - 345 hours. Had very little use. Located in South Wales. Buyer to Arrange Lift Out and Collection. UKFM2-1024. ...[more]
-
- 43 1 x Pieri automatic rotary arm pallet wrapping station with top sheet applicator and complete with infeed and outfeed conveyors. Model - 310/ATS-350/01-W. Infeed driven roller conveyors - 2 x measuring 3.6m long. Outfeed driven roller conveyors - 3 x measuring 1.6m long. All electrics ...[more]
-
- 44 1 x Multivac CD 6000 thermoformer. Date of manufacture - 1994. Creates both rigid and flexible packaging. Final print in the film possible through inkjet printer. Located in Ireland. Buyer To Lift Out and Arrange Collection. UKFM2-1176.
-
- 45 1 x Yamato Dataweigh 20-head weigher with colour touch screen. Model - ADW-420MD Weight range - 8g-1000g. Max speed - 240 p/min. Electrics - 240v, 50hz, 1 phase. Located in Bedfordshire, UK. Lift Out Charge - £100. Buyer to Collect. UKFM2-1194.
-
- 45A 1 x Tisomi LMC flow-wrapper with Nitrogen gas-flush facility. Model - ZA650TGE5. Date of manufacture - 2014. Features Mitsubishi touch screen controller and a Markem image printer (Smart Data X40) coding solution. Output capacity - Up to 80 packs/minute. Maximum film width - ...[more]
-
- 46 1 x RGD MAPE Packaging srl flow-wrapper. Model - VR-2PG. Date of manufacture - 2007. Jaw width - 250mm. Max sealing width - 225mm. Max sealing height - 130mm. Condition - Fully operational. Machine weight - 410kg. This is a flow-wrapper packaging machine with automatic cutting using a photocell th ...[more]

-
- 47 1 x Delfin all stainless steel flowrapper. Model - Carina 450. Date of manufacture - 2006. Output capacity - 120 packs/min. Power - 400v, 50hz, 3 phase, 3.5kw, 16amp. Product range: Length - 50mm-600mm. Width - 10mm-220mm (although with current guards on is 130mm wide). Height - 1mm-120mm. ...[more]
